

BrailleSense 6 MINI

The lightweight, most powerful and most feature-packed notetaker available. Customised for the blind and compatible with the mainstream, BrailleSense 6 MINI seamlessly combines accessibility and autonomy.

With a 20-cell braille display and a 9-key Perkins-style keyboard with Ctrl, Alt and function keys, BrailleSense 6 MINI looks and feels like a traditional notetaker. Its competitive modern hardware and connectivity, along with access to Android applications, ensure it stacks up solidly against current phones and tablets.

BrailleSense 6 MINI supports apps from Google Play including the most common apps used in education, work and at home, such as Zoom, Google Meet, Microsoft Teams, Apple Music, Amazon Kindle or any other accessible app.
